THE HAWKEYE insures property against fire, lightning and tornadoes, and has done more business, paid more losses and has a larger surplus over all liabilities than any other Iowa company. It is purely a home institution, confining its business to Iowa alone. As to its standing among Iowa people, we refer to the above showing, which speaks for itself.

Patronize Home Institutions and Industries is the watchword. Don't send your money out of the State when you can get a policy in one of the best Companies, Home or Foreign, by patronizing the **HAWKEYE INSURANCE CO.** of Des Moines, Iowa.

1860. WHY INSURE IN THE 1894.

Washington Life Insurance Co.

Of NEW YORK.

BECAUSE: Although not as Old as the Oldest, ... Or as Big as the Biggest, it is

Safest Among the Safe, Strongest Among the Strong,

AND ITS CONTRACTS ARE AS

Good as Gold Bonds and Bear Better Interest Than U. S. Government Bonds.

Old Enough! Safe Enough! Strong Enough and .... Good Enough for Anybody ....

That's why I insure my life in it. Can you or anybody else give any better reason for insuring in any other company? Does any company offer any more reliable inducements or present stronger claims?

BECAUSE: Its Assets of $13,000,000 are Invested in Undoubted Securities.

"WE are justified in saying that no securities are so staple and safe for the investment of a life insurance company as well selected bonds or mortgages, and that from no other sound secureties can so large a rate of interest be realized."—*35th Annual Report of the Mutual Life of New York.*

BECAUSE: No clap-trap, disreputable or dishonorable methods are resorted to by its Manager, his Special or District Agents, to obtain business.

BECAUSE: Its business is done by strict adherance to the truth in every department.

These are some of the reasons why I insure in the Washington.

AGENTS WANTED.—Address C. E. Rawson, President.

TO INSURANCE AGENTS.

GENTLEMEN:—The Des Moines Life Association, operated on the "Rawson System" of life insurance, is not a high rate company or a low rate company, but an organization whose premiums are based on insurance experience, and are sufficient, but not exhorbitant. According to the sworn statements of the old-line companies to the New York Insurance Department for the past thirty years, we are collecting just a little more money to pay death losses with than they do, but not nearly as much for expense and reserve. Thus you will see that, by basing our mortuary collection on this experience, we are absolutely safe at less than one-half the rates charged by old-line companies. We need not tell you that an agent's value is measured by his ability to collect premiums, or that it is much easier to collect a premium of $75 for a $5,000 policy in our company than it is for a $2,000 policy in an old-line company. This is why agents say that the Des Moines Life Association is a bonanza for them. The insured, for the same premium, gets more than twice the insurance furnished by the old-line companies, and insurance that is absolutely safe, and yet the agent's commission is about the same. We write as many Iowa people in a month as any old-line Iowa company writes in a year. We are doing business in fourteen different States, and before the close of 1894 will be in at least twenty States. For three years in succession we have written more Iowa business than any one company, eastern or western.

We have some good territory for special or general agents. Address,

C. E. RAWSON, President,
DES MOINES, IA.

SEE NEXT PAGE.

Read THE FOLLOWING CAREFULLY.

ABSOLUTELY SAFE—READ CAREFULLY.

WE wish to explain why the Des Moines Life Association is **absolutely safe** for all time to come. The money paid in by the people for insurance is divided into three different funds, viz.:

Mortuary.
Reserve.
Expense.

These three items comprise the elements that make up the gross premium charged. The following shows the amount charged by old-line companies for pure life insurance, and also the amount charged by us.

Cost of Old-Line Insurance at Age 40 for $1,000.

Mortuary	$9 20	
Reserve	13 06	
Expense	8 95	$31 21

Cost of Des Moines Life at Age 40 for $1,000.

Mortuary	$9 60	
Reserve	2 40	
Expense	3 00	$15 00

You can see from the above that we collect more to pay our death losses than do the old-line or legal reserve companies, but not nearly so much for reserve and expenses. The president of many old-line companies draws a salary of $50,000 per annum (the same as the President of the United States), a few of them get $65,000, while our president simply gets pay for the time he puts in, and must be paid from the $3.00 per $1,000, as well as all the rest of the expenses of the company.

BUSINESS MEN ASK FOR OUR INSURANCE.

Several of our Des Moines men, during the past year, have either called at our office or asked us to call on them and write their applications for a policy, which has been very gratifying indeed. None has been more so than a man whose name is familiar not only to insurance men but to the masses of people of the great State of Iowa. We refer to Adam Howell, president of the Hawkeye Fire Insurance Company of this city. Not long since, Mr. Howell said, as we were dining together, "Why don't you call and write me a policy in your company?" at the same time saying that he had heard a great many good things said about the D. M. L. A. and felt that we were worthy of the support of our home people, as we were building up a Western institution that was a credit to our city and State. We appreciate the confidence thus placed in the D. M. L. A. by a man that stands on the top round of insurance and at the head of a company that needs no introduction to the people of Iowa. We feel that we have added to our membership a valuable name, one that will carry weight with it. At the same time we have increased Mr. Howell's estate just $2,000.

Reflect AND THEN Act.

OUR PYRAMID.

We wish to impress it on your mind that the above assets all belong to our policy-holders. No stockholders to absorb the savings. On the other hand, at the end of each tenth policy year, this fund is equally divided among policy-holders who have kept their policies in force for ten full years, giving them their choice either in cash or paid-up insurance.

TEN REASONS

WHY The Leading Life Insurance Agents prefer to represent this Company, and

WHY The MASSES of the PEOPLE INSURE WITH US.

FIRST.—Because we write pure Life Insurance without any side issues.

SECOND.—Because we pay our death losses promptly and in full.

THIRD.—Because we do the leading business in Iowa, old-line or new.

FOURTH.—Because we pay our agents a cash commission on the fifteenth of each month.

FIFTH.—Because we have no membership fee, making our plan much more desirable.

SIXTH.—Because our payments are fixed, doing away with post-mortem or pass-the-hat assessments.

SEVENTH.—Because we always have money to pay death losses promptly, and to loan out on Iowa farms.

EIGHTH.—Because in case a policy-holder gets totally disabled he can draw one-half of the benefit while living.

NINTH.—Because we write the Joint Policy on man and wife, or any two relatives, with the full amount payable to the one that lives the longest. The best as Noah said when he invited them into the ark, "come in pairs."

TENTH.—And because our dividend at the end of ten years will equally divide the accumulations between every policy-holder that has kept his policy paid up for ten years. If they have paid one dollar too much it will be returned to them with interest, making the cheapest insurance obtainable.

See Pages 7, 8 and 9.

INTRODUCTORY.

With increased pride in their work, and with grateful thanks to the generous people of the city, R. L. Polk & Co. present the third annual volume of the Des Moines City Directory to the public, believing that it will be found to be the best publication of its kind ever put forth here — full, complete and up to date. Directory making, like every other business, is constantly improving; and the publishers of this work have not lost sight of that fact, but have taken advantage of every appliance and every facility that abundant capital could bring to bear to place the Des Moines City Directory alongside those published in larger and more pretentious places. That they have succeeded, they believe; and that the business men of the city have in a large measure made this result possible by their generous support, is acknowledged by them with hearty thanks.

Outlook for Next Year.

The outlook for this city next year is very promising. The hard times and turbulent occurrences that have so sorely tried the whole country during the past season, have touched Des Moines more lightly, perhaps, than any other city in the west. This is due in large measure to the fact that Des Moines business has always been conducted on a conservative and safe basis, without any of the "wildcat" or speculative tendency that has disgraced so many cities and weakened their financial credit and stability. That this will continue to be the case in future is warranted by the personnel of the business men of Des Moines.

Increase in Population.

"Nothing succeeds like success." This is as true as regards the population of a city as anything else. The history of Des Moines has been written so often that we will attempt to go into but the barest details, as the table we publish herewith tells more eloquently than words the glory and power of our city. Des Moines was for a long time an Indian trading point, being first occupied by the United States as a military post on May 9, 1843. The location of the state capitol here in 1856 gave Des Moines its first great impetus in growth, and from that time forward it has prospered and grown great. The following table shows that during the past year it has maintained its past record, the increase, in view of the great depression, being particularly gratifying:

Population of Des Moines.

YEAR.	POPULATION.	INCREASE.
1846 (Local census) . . .	127	.....
1850 (Federal census) . .	502	375
1855 (State census) . . .	2,278	1,776
1860 (Federal census) . .	3,965	1,687
1865 (State census) . . .	5,722	1,757
1870 (Federal census) . .	12,055	6,333
1875 (State census) . . .	15,782	3,727
1880 (Federal census) . .	22,696	6,914
1885 (State census) . . .	35,500	12,804
1890 (Federal census) . .	53,496	17,996
1891 (Local census) . . .	60,739	7,243
1892 (Polk & Co's canvass) .	68,574	7,835

Business and Improvements.

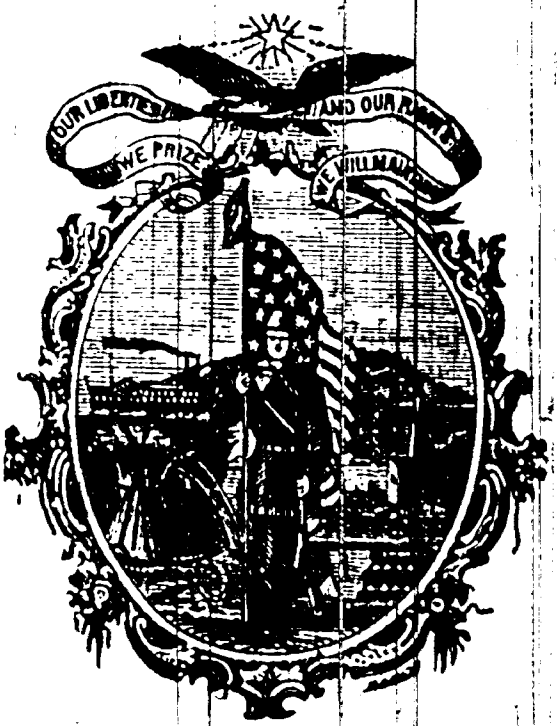

The present year, with its strikes, panics, drouth and depression, has militated much against business throughout the country. In this city, however, while these various causes have had their effect, business has gone forward much as usual. There have been no heavy failures and building has been very heavy. Among the large improvements this year, either completed or in construction, may be mentioned the new Redhead building at Fourth and Locust; the L. Harbach warehouse at Sixth and Vine; the Galley block at Tenth and Center; the Van Ginkel block at Fourth and Locust; the White Line Transfer Co.'s storage warehouse; the Odd Fellows' building at Seventh and Locust; the First Bap-

tist Church at Eighth and High; Tone Bros building on Court avenue, near First; the Robinson building at Eighth and Walnut, and many others that cannot now be recalled.

The real estate market has been quite active, prices having kept up to a good figure, and the fact that Des Moines property is a good thing to invest in has again been proved by the strain of hard times.

In conclusion, the publishers of this volume desire to again place themselves on record as having abundant faith in the city and its future, and to say that the public may rely upon them to keep the Des Moines City Directory at the head of such works in points of accuracy and metropolitan appearance.

A NEW TRAIN BETWEEN LAKE AND MOUNTAIN.

To meet demands, this Company added a new train on May first. It is No. 21 and called the "Rocky Mountain" Limited.

NOTHING LIKE IT WEST OF CHICAGO.

This is strictly a Limited Train, its equipment new and made especially for it, and no extra charge over regular ticket rate.

This train has the "Rock Island's" Popular Dining Car Service. No finer equipment on any train in America.

After arrival of fast trains over trunk lines from the East, this new train leaves Chicago daily at 10:25 A. M., thus avoiding all todious delays in Chicago depots, and is only one night out to Denver, Colorado Springs and Pueblo, arriving at these important foot-hill cities next afternoon, in advance of all competitors.

Our "Big 5" leaves Chicago daily at 10 P. M., is only one day out, arriving at Denver the second morning at 7 o'clock. Has Dining Car Service.

Especial attention is called to our new time to Kansas City on our train No. 11, which leaves Chicago at 6 P. M. daily, arrives at Kansas City at 9 A. M. in time for all connections West, South and Southwest.

STREET AND AVENUE GUIDE.

EXPLANATION.

In arranging the "Street and Avenue Guide" for the City of Des Moines the following plan has been adopted (and approved by the City Engineer): All streets on the west side of the Des Moines river have been designated by the name or number alone, abolishing the prefix of west, except in the case of numbered streets south of Vine; for example: Walnut, Vine, Grand ave., Locust. In the case of the numbered streets, all north of Vine are designated as 1st, 2d, 3d, 4th, etc., and south of Vine, w so 1st, w so 2d, w so 3d, etc. Streets east of the Des Moines river which run through to the west side of and beyond the river are designated as e Vine, e Court ave, e Walnut, e Locust, etc.; the numbered streets north of Vine as e 1st, e 2d, e 3d, e 4th, etc., and south of Vine as e so 1st, e so 2d, e so 3d, etc. Streets on either side of the Des Moines river which do not run through from west to East Des Moines are designated by their names without any prefix; for example: Maple, Buchanan, School, University ave., etc. If located south of the 'Coon river, the name of the street is followed by (S D M); if north of the Des Moines river (Highland Park).

The following abbreviations are used: Ave for avenue, al for alley, bet for between, boul for boulevard, D M for Des Moines, n for north, rd for road, s for south, w for west, e for east, nw for northwest, sw for southwest, junc for junction, opp for opposite, dr for drive.

Following the description of each street or avenue will be found the names of intersecting streets, in the order of their intersection.

Directions for Giving an Alarm of Fire.

Keyholders will be particular to observe the following rules:

1. To give an alarm, go to the nearest box, open the door, pull the hook to the bottom of the slot once and let go; then close the door.

2. Do not pull the hook if the fire bells or small bell in the box is striking, as that indicates that an alarm has already been given.

3. Be particular to remain at the box until the arrival of an officer of the fire department, who will release the key, or if circumstances will not permit remaining, then the proper officer will return the key to the holder as soon as convenient.

4. Key holders, upon changing their locations, will please return key or leave word with chief of fire department, corner Second and Grand ave.

Rates of Fare Authorized by City Ordinance Relative to Public Carriages, Etc.

Section 13. That the owner or driver of any omnibus, carriage, cab, herdic or other vehicle licensed under this chapter, shall be entitled to demand and receive not exceeding twenty-five cents (25c) for each passenger conveyed any distance not exceeding one mile.

For each passenger over one mile and under two miles, fifty cents (50c). For each passenger with trunk, one mile and under, fifty cents (50c). For each passenger with trunk, over one mile and under two miles, seventy-five cents (75c). Each additional passenger of the same party, twenty-five cents (25c). Provided, that sixteen blocks shall constitute one mile. And

they shall be entitled to add to the above rate when said service is rendered between the hours of 12 o'clock at night and 6 a. m., twenty-five cents for each passenger. And are entitled to charge, when employed by the hour, one and 50-100 dollars ($1.50) for the first hour, and for each additional hour, one dollar ($1); and they are hereby required to convey any passenger carried by them to such part of the city as he or she may require.

Children under five years of age accompanying any person who has paid full fare shall not be charged fare, and children between the ages of five and ten years shall only be charged half fare. Any person violating any of the provisions of this ordinance shall be subject to a fine of not less than five nor more than one hundred dollars.

COURTS.

United States Courts of the Southern District of Iowa—The United States is divided into nine judicial circuits, in each of which a circuit court is held for each district within each circuit. The act of congress, approved April 10th, 1869, provides as follows: "The circuit court in each circuit shall be held by the justice of the supreme court allotted to the circuit, or by the circuit judge of the circuit, or by the district judge of the district, sitting alone, or by the justice of the supreme court and circuit judge sitting together, in which case the justice of the supreme court shall preside, or in the absence of either of them, by the other (who shall preside) and the district judge.

The state of Iowa is divided into two judicial districts. The courts for the southern district are held in district court room, U. S. Government building, at Des Moines, second Tuesday in May and third Tuesday in October. At Council Bluffs, fourth Monday in March and September. At Keokuk, third Tuesday in January and June. Both districts are attached to the Eighth judicial circuit, which comprises the states of Minnesota, North and South Dakota, Nebraska, Iowa, Missouri, Colorado, Arkansas and Kansas.

Justice David J. Brewer has been allotted to the Eighth judicial circuit, and Hon. Henry C. Caldwell, of Arkansas, is circuit judge of said circuit. The courts for said southern district are organized as follows:

U. S. Circuit Court—Hon. David J. Brewer, justice of the supreme court, is by said act required to attend one term at least in every two years. Hon. Henry C. Caldwell, Hon. Walter S. Sanborn, circuit judges; Hon. John S. Woolson, district judge; Edward R. Mason, clerk; Charles D. Fullen, U. S. district attorney; Frank P. Bradley, U. S. marshal.

DES MOINES AND IOWA.

[By the courtesy of Mr. O. L. F. Brown, secretary of the Commercial Exchange, we excerpt the following from his last report.]

Des Moines is central and capital of that part of the Louisiana purchase comprised between the Mississippi and Missouri rivers and the parallels of 40° 35′ and 43° 30′. The aborigines named it Iowa, or "Beautiful Prairie." The surface is gently undulating, the streams are numerous and the waters sweet. The acreage is nearly 40,000,000, of which ninety-five per cent is tillable, deep, dark, fat soil. The elevation is eight hundred to fifteen hundred feet above sea level. Natural drainage is good and the climate is exceptionally healthful. No diseases are prevalent. The death rate is very low.

Iowa has various valuable ores, building stones, lime, clays, white sand, gypsum, coal, etc. In the gypsum product Iowa stands third among the states, and only fifth as to coal mined. About 20,000 square miles are underlaid with coal of excellent quality, and over one-tenth of the state is covered with timber of various sorts.

POINTS OF INTEREST.

Des Moines is the leading city of Iowa.
Is in direct railway connection with every town.
Is leading jobbing city in the Mississippi valley.
Its corporate limits include fifty-four square miles.
Its streets are well shaded—a city of trees.
Cost of living less than any city of 80,000 inhabitants.
It has about fifty miles of electric street railway.
It is abundantly lighted with gas and electricity.
It has an abundant supply of soft water.
It has forty-five fine school buildings, eleven colleges and one university.
Its yearly grain trade is over twenty millions of bushels.
It has sixty-five churches.
The number of manufacturing establishments is 400.
The number of employes is about 10,000.
The value of manufactured products is about $16,962,538.
It mines its own coal within city limits.
Its mortality is less than any other city of 80,000 inhabitants.

IOWA'S RANK AMONG THE STATES.

No state debt.
First in number of schools, teachers and pupils, in proportion to population.
First in lowest per cent of illiteracy.
First in grain products per capita—27.8 bushels grain per year per capita.
First in corn products per acre and per capita.
First in total corn products.
First in potatoes per acre and total product.
First in milch cows.
First in factory butter product.
Second in number and value of horses.
Second in number and value of oxen.
Second in flax seed.
Second in yield of hay per acre.
Third in gypsum output.
Fourth in railroad mileage.
No farm more than fifteen miles from railroad.
Fifth in bituminous output.
Ninth in capital invested in nursery business.

THE UNION.

The Union is a practical system of co-operative savings, organized in accordance with the provisions of Chapter 6, Title IX, of the Code of Iowa.

Shares $100 at maturity; monthly dues on all classes of installment stock are *fifty-eight cents per share. No admission fee is charged*, but subscribers must pay at least one month's dues with the application.

The Union differs from a savings bank in the following particulars:

1. Every depositor owns stock.
2. Loans only to the shareholders.
3. Every stockholder has one vote for each share he holds in choosing annually from the shareholders the Directors of the Association.

Shareholders are credited with the entire payments as made each month or otherwise, and the total profits are divided in June and December every year.

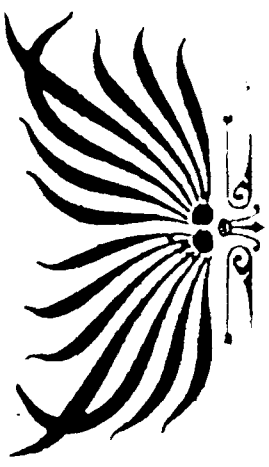

The dividends are apportioned upon the gross payments in *ratio* of amount and time.

Issues three forms of installment stock, and three forms of prepaid stock.

Highland Park Normal College

DES MOINES, IOWA.

The largest and best equipped School in Iowa.
A large faculty of excellent teachers.
A school where a person can find almost any branch he desires to study.
The accommodations the best, expenses low.
Fall Term opens September 4, 1894.

Highland Park Normal College is easily the largest and best equipped Normal College in the west. The success of the school is without precedent. It is a solid, substantial school, organized and conducted on business principles, thoroughly equipped and embodying everything that is good in modern principles and practices of teaching.

Conservatory of Music. This is unquestionably the best equipped Conservatory of Music in the west. The teachers cannot be excelled anywhere in the couutry.

Accommodations. Besides the college building there are nine other building owned by the school and devoted to the accommodation of students. These buildings are all furnished completely throughout, heated by steam and hot air and lighted by electricity.

Equipments. The school is thoroughly equipped with everything needed for successful school work. No expense has been spared in providing the most thorough and successful work in Pharmacy, Electrical and Civil Engineering, Chemistry and the like.

The Library. The Library contains 4,000 volumes of the choicest books that can be had. The reading room is well supplied with daily and weekly papers and periodicals, and with the best magazines published.

Special Training Department. This is the most thorough and complete school in the country for training teachers in Kindergarten and Primary work.

Query. What is the use of attending a school where you cannot find the studies you want and the accommodations are poor? Why pay money to be taught by poor teachers? Why spend twice as long in mastering a branch as is necessary? In fact, is it not poor economy to attend any school that is hopelessly behind the times in methods of instruction, accommodations and equipments and all that goes to furnish the best in modern education.

Courses of Study. All the courses of study in the school will be strengthened, in that the school year will be lengthened from 44 to 50 weeks. The courses of study regularly maintained are as follows: Preparatory, Teachers' Review, Didactic, Special Didactic, Scientific, Classical, Literary, Commercial, Civil Engineering, Special Training, Musical, Elocution, Art, Telegraphy, Electrical Engineering, Shorthand, Typewriting, Pharmaceutical, Post Graduate Pharmaceutical, Chemical, Penmanship and Pen Art, Public School Drawing.

Calendar 1894-1895. Fall Term opens September 4, 1894, and continues 10 weeks. First Winter Term opens November 13, 1894, and continues 10 weeks. Second Winter Term opens January 22, 1895, and continues 10 weeks. Spring Term opens April 2, 1895, and continues 10 weeks. Summer Term opens June 11, 1895, and continues 10 weeks.

Expenses. Tuition in all the regular departments of the school, $1.00 a week, payable in advance by the term of 10 weeks. Board $2.00 a week. For further information concerning the work and the expenses in each department see the 1894-95 catalogue.

All questions concerning the work in the various departments cheerfully answered. In sending for catalogue, please state in which you are interested.

The Ladies' Pride

WORLD'S FAIR VICTORY

It is a Purely Vegetable Compound

Harmless as Water Free From all Poisons

Since the highest form of beauty consists less in the regularity of the features than in the purity of the complexion, it is within the power of all ladies to render themselves attractive by an intelligent treatment of the complexion. As a result of my experience, I have found it quite necessary, in order to preserve a good complexion, that a remedy be used which shall both cleanse and stimulate a healty action of the pores. In **The Ladies' Pride** are combined the ingredients necessary to accomplish this result; as a toilet article it has no equal, for it gives a clear, healthy appearance to the skin. Not only are its healing qualities greater than any other remedy, but it also possesses remarkable solvent powers, making it one of the most effective known remedies for Blackheads, Pimples, etc., as it disolves the fatty deposit in the sebaceous ducts, and may increase at first the irruption, when of long standing, then rapidly restores the skin to a normal condition, and leaves it soft, white and brilliant. After giving this remedy a trial, no lady or gentleman will consider their toilet complete without it. Two applications a day are sufficient. Will guarantee perfect satisfaction to all who give it a trial.

Sold in every town; agents wanted; good terms.
Price, fifty cents per bottle. Apply to

Their policies are easily defined: They are non-forfeitable; they are unrestricted as to residence and travel after two years; they are incontestable after two years; they are secured by an invested reserve; they are solidly backed by bonds and mortgages, first liens on real estate; they are safer than railroad securities; they are not affected by the stock market; they are better paying investments than U S bonds; they are less expensive than assessment certificates; they are more liberal than the law requires; they are definite contracts; they contain guaranteed cash surrender values for the full reserve; they make immediate settlement of all claims. **M. VALLEY JUNCTION

The Place to Locate.

Great Inducements to Those Who Wish to Own their Own Homes.

The town of Valley Junction has been laid out less than *eighteen months*, yet it has now a population of *1,500!* It is surrounded by a rich farming country which contributes to its rapidly growing trade.

The Chicago, Rock Island & Pacific Railway Round House and Shops employing several hundred men, are located here.

The town has a first-class Public School, numerous Church, Societies, Three Railroads and the pleasantest and most healthful location in Iowa.

THE

Hawkeye Investment Co.,

P. L. MONAHAN, SOLE AGENT,

Has a large number of lots which it offers on the most favorable terms to those who wish to locate here. Prices are low and terms easy. Valley Junction is the town, now is the time and this the opportunity to

OWN YOUR OWN HOME.

Don't delay. If you are paying big rent in Des Moines, move to Valley Junction and go into your work on the street car or railway and save money.

Write us for terms and prices. Don't delay. Delays are dangerous, and the lot you want to-day may be gone to-morrow.

STALFORD'S Patent Tug Fastener

Is the only practical device for effectually preventing the unhitching of the tugs or traces from buggy and carriage singletrees. It consists of a single piece of brass or steel spring wire, nickel plated and highly polished, formed into a loop and attached to singletree so as to swing forward and back, resting upon top and bottom of singletree when tugs are hitched, and securely held in place by the elasticity of the wire. It has sprung into popularity as by magic and is fast superseding all former styles of hooks and clips and the day of the vexatious leather string and hole is past. It is easily attached to any kind of light singletree, is appreciated at sight and sells like wildfire.
